

A person with long dark hair, wearing a black jacket and a watch, is sitting on a stone ledge. They are making a heart shape with their hands. The background is a panoramic view of a city at sunset, with buildings and a clear sky. The text 'I Spain' is overlaid on the image.

INTERNSHIP PROGRAMS IN SPAIN

WHAT CAN WE PROVIDE YOUR UNIVERSITY WITH?

- Quality, remunerated, internship programs for your students.
- Housing assistance
- Welcome events
- Full time assistance
- Language courses
- Airport pick ups
- Monitorization of the placements

We have 2 main services: Recruitment and Premium.

OUR RECRUITMENT SERVICES

Our recruitment services are **completely free for students and universities** generating a win-win solution for all our stakeholders.

Every year we recruit for more than 3000 placements, having long – term partnerships with universities from countries like USA, China, UK, Slovakia, Finland, The Netherlands or France.

With our recruitment services we can not guarantee 100% that students will get a placement as companies select and decide which candidate they want to accept or not.

OUR RECRUITMENT SERVICES (II)

Our recruitment service includes exclusively the internship arrangements and general support and advice to students :information, housing and documentation.

This free service does not include the direct execution of bookings, documentation (NIE, VISA) or others by Spain Internship staff members.

In case of cancellation of an internship, we always try to support students to be relocated, though it can not be guaranteed

HOW DO WE WORK? STEPS (I)

You can select which way you prefer to cooperate with us:

- 1) We can post in your career board and promote our vacancies.
- 2) You can provide us your students looking for a placement and we will add them to our recruitment processes.
- 3) We can provide you all our vacancies, updated, and you can inform your students about the opportunities to make an internship through us.

HOW DO WE WORK? STEPS (II)

5) Once the candidates have been processed we will support them with preparing the interview, organizing the documentation and arrival to their destination.

6) To ensure the conditions on this presentation, we normally draw up a collaboration agreement with no obligations entailed, so your university can be sure about the conditions of our services.

7) A link in your website to our website, www.spain-internship.com, in some partners area or internal area is appreciated, though no mandatory.

OUR PREMIUM SERVICES

Our premium service is the perfect solution for those universities or schools who need value-added services as well as guaranteeing the placement for all of the students group.

Within this service, we assign one of our agents to handle and organize our previously designed program, guaranteeing results and handling all the students needs.

Any personal support can be required. For this type of groups we directly book the housing, make all the documentation and arrange anything that could be required (language courses, airport transfer, or others...)

This service is not free, and cost depends on the services required.
